Subject: Re: STIP Amendment #13 (Major) - Comments Due Today

Hello Allen:

Here is L&P Borough Comment on the STIP. In reviewing the STIP we did not find a project for the Chignik Regional Airport on the STIP. If I remember correctly that was at one time a STIP priority. Please add the Chignik Regional Airport to the STIP. Is this email good enough to make that occur?

Also Jeff and I would like to discuss the Chignik Airport and Road System phasing possibilities and the number phases the project would generate and the specific projects from that phasing!

When might you be available to talk?

Thanks,

Marv

Subject: STIP Amendment #13 (Major) - Comments Due Today

Hello,

This is a reminder that if you have comments regarding the proposed programming of projects in the public draft 2007-2009 STIP as amended, they must be postmarked by today.

Allen
